

# The MicroCool™ Nightstand

## Three-in-One: Refrigerator / Storage / Work Station

The MicroCool™ Nightstand is a fully customizable unit that can be used in almost any hospital setting. With a built-in MicroCool™ Refrigerator, The MicroCool™ Nightstand is ideal for storing breastmilk, adult patient nutritional items and medications bedside. Having the ability to keep all supplies and refrigerated medications bedside improves nurse productivity, reduces errors/mix-ups, and allows staff to spend more time bedside caring for patients. The MicroCool™ Nightstand comes standard with: one MicroCool™ Refrigerator, one key lockable supply drawer, and one storage compartment with a custom locking code. You can also choose a nightstand color scheme that best matches your hospital room decor.
